

Ordering Information

Shipping Season. Shipping season begins late April to mid-May and continues through June. Early spring shipments may include dormant plants. Fall shipments begin after September 15th and continue until the ground freezes in our area. We can ship in the summer, but only if it is cool enough for the plants to survive shipping. Note: Due to Minnesota's extreme variability in weather from year to year, Morning Sky Greenery reserves the right to hold orders until plants are ready for shipment and weather conditions are favorable for planting them.

Please indicate on the order form the date you would like to receive your order and we will try our best to fulfill your request. However, if we are unable to ship your order on the date specified, we will contact you. We will send a confirmation card or e-mail to confirm your order and plant availability.

Delivery. All products will be delivered in a healthy growing condition to UPS. Please choose 2nd day air if you live outside the 2 day ground delivery area (see map). We do not ship plants in extreme temperatures. We do not guarantee plant survival when subject to circumstances beyond our control, whether in transit or after delivery. If your order has been damaged, contact UPS. If there is a problem with the plants, please contact us, as we may be able to help.

Pickups. You may pick up plant orders during our regular retail hours, or by appointment. Please call in advance to make arrangements. There will be no handling charge for orders picked up at Morning Sky Greenery. All orders must be picked up within 14 days of specified date, or plant availability will not be guaranteed.

Terms. We require that all orders be paid in full prior to shipping, unless other arrangements have been made. All credit accounts are due 30 days from date of invoice. Past due accounts will be subject to a 1.5% monthly finance charge. \$25 suggested minimum order. 25% restocking fee on all canceled or returned orders.

Substitutions, Duplications, and Credits. In the event that your choice is out of stock, we will make substitutions, duplicate other items from your order, or issue a credit voucher. Please check the appropriate box on the front of your order form. If you would like substitutions, you can list your preferences. You may want to indicate whether flower color or soil type is more important to you. If you leave it up to us, we will be careful to select species that we feel are similar. If none of the boxes has been checked, we will issue a credit.
